

LEAD THE WAY WITH ENNEAGRAM

Discover the power of the Enneagram with Summit Salon Business Center to transform your salon business. Unlock your & your team's potential and create a thriving, harmonious environment.

What is the Enneagram?

The Enneagram is a powerful personality typing system that provides deeper understanding into motivations, strengths, and potential blind spots. It's a roadmap to self-discovery, understanding others, and life changing insights. By identifying your team members' Enneagram types, you can harness their unique talents, improve communication, and foster a stronger, more connected team.

What to expect?

- Learn "why" we do the things we do.
- Explore the 3 different ways we process and view our world (Thinking, Action, Feelings).
- Become self aware of our blind spots in our own Enneagram styles.
- Explore ways to dial up our strengths.
- Become more aware and recognize when you are operating in autopilot.

Customized experience learning about the 9 Enneagram types, 3 centers of expression, and how everyone's unique strengths bring value to the team. Attendees learn all about their own types, communication style and a deeper understanding of others.

Exploring the "why" each individual views themselves and others the way they do.

“A healthy human is a healthy teammate... A healthy teammate helps create a healthy team.”
